Registration Information (Continued)

1. X-Ray equipment will be set up in the doctor's office located on the first floor of the Administration Building.
2. The term CANCEL will no longer be used. Courses being eliminated from a student schedule must be DROPPED and the teacher's signature and that of the advisor must always be secured for a dropped course.
3. To add or drop a course a student must file his change-of-course card in the office of the director of his school, or at the dean's office for those under a catalogue prior to 1919. Note the following procedure.
4. To add a course—get a change of course card from the office of your director or the dean's office. Fill out the three sections, leave the bottom two cards in the office, take the registrar's copy to your advisor first, then to the teacher of the course being added. Return the approved card to the office from which you obtained it not later than 4 p.m. Friday, Sept. 25. Add cards are not acceptable after September 25.
5. To drop a course—follow the same procedure as in adding a course. If the drop is completed within the add period, the course will not appear on your record. If a course is dropped between 4 p.m. September 25 and 4 p.m. October 30 the course will appear on your record with "Dropped" recorded in the grade and credit column. Drop cards are not acceptable after October 30.
6. A student may withdraw from the College by advising the Dean in writing. Failure to give official notice of withdrawal will result in a grade of "F" in each course for which the student is registered.
7. All women students must have the Dean of Women's notation that place of residence is approved.
