Graduate School Regulations

- Sixteen semester hours shall be maximum load for students devoting full time to graduate study. Only full-time students may register for more than twelve semester hours of course work in any one semester, including courses on campus, extension courses, and courses to be transferred from other institutions. Students who have full-time positions may not enroll for more than two courses.
- After a graduate student has completed his registration, it cannot be changed without approval of the Dean of the Graduate School. The adjustment will originate in the office of the Dean, and the change-of-course must have the approval of the student's adviser and the Dean.
 - ADDING: —No course may be added after February 16.
 - DROPPING: —No course may be dropped after March 16.
 - WITHDRAWAL: —No student may withdraw after May 15.
- Failure to give official notice of complete withdrawal from Graduate School in writing will result in a grade "F" in each course for which the student was registered. Address your notice of withdrawal to the Dean of the Graduate School.
- To become a candidate for a degree, the student must file an application on blanks available at the Office of the Dean. The application must contain plans for a complete program of graduate study and be approved by a faculty adviser in both the major and minor areas. Unless "Intent to Graduate" cards are on file by March 12, one cannot be assured of a diploma on May 29, 1965.
- A student must have an overall B average in graduate courses at the beginning of the semester in order to be placed on the list for graduation in that semester.
- If a student withdraws from the University within seven days after the beginning of classes for the semester, a refund will be made of 80% of fees; each week thereafter, the amount will be reduced 20%.
