JOURNALISM AND STRATEGIC MEDIA POLICIES

Portfolio requirement

All students in the Department of Journalism and Strategic Media are required to develop and maintain an active portfolio of their work. Undergraduate students are to begin the portfolio in JRSM 3900 and graduate students are to begin in JRSM 7002. Students are to contribute to it in every skills course thereafter. The portfolio should contain samples of the student’s work from courses and/or professional experiences and should develop as the student builds skills. Portfolios will undergo a final, external review while students are enrolled in their capstone courses.

Students may use any type of web hosting for their portfolios, but it must have an independent and professional URL. Students may use any content management system, but students are encouraged to use WordPress, Wix or SquareSpace. Students are encouraged to consider purchasing a URL and hosting if they plan to use the portfolio for a long term, but they must keep the portfolio active for six months following graduation from the University of Memphis.

Students should have a professional email address they plan to use throughout their professional lives, via a common email service, such as Gmail.

All portfolios must contain the following items:

- Samples of work from courses and/or professional activities. (Example: Broadcasting students must include a video reel)
- A current résumé
- A personal profile
- Contact information/means of contact
- Social media links
Students might wish to include a blog, video reels, photograph galleries, SoundSlides presentations, design PDFs, audio files and writing pieces as examples of professional work. The professional work should ultimately be tailored to the career the student seeks after graduation. Thus, each student’s portfolio should show a unique blend of work.

**Email**

Students must have their UofM email accounts activated. Students using another provider, such as Google, are required to have all UofM email forwarded to that account. Students should go to the [http://iam.memphis.edu](http://iam.memphis.edu) website to implement forwarding of UofM email. Students are required to check their email daily. They are responsible for complying with any email sent to by professors or others in the University.

**Electronic devices**

Some classes require a tablet, laptop or a smartphone. Others do not. Instructors will set the policy for their specific classes.

**Attendance**

Class attendance is mandatory in Journalism and Strategic Media. Students may be assigned a failing grade for the semester for nonattendance or habitual late arrival. No late work will be accepted without prior arrangements with the class professor. Students may not be permitted to make up any missing work unless it is for an absence because of illness or other catastrophic emergency, such as a death in the family that can be documented (e.g. with a doctor’s note or a copy of the newspaper obituary). Journalism and Strategic Media is a professional program, and students are expected to understand and comply with deadlines. Students who have some problem making it to class on time should make arrangements to correct the problem or consider taking another class. Students should consider this class as a “job” in the educational process and be on time just as they would elsewhere.

**Course repetition**

Majors and minors who fail to earn the minimum passing grade (“C-”) in a class required by their program of study in Journalism and Strategic Media more than three times will be dropped from the program.

Students may not use or submit work from a previous course, even if it is the same course being repeated, to fulfill requirements for assignments in another course. If students wish to substantially rework the original submission, or to work with the same general idea, that may be permissible upon discussion with and written approval from the professor of the current course. All written work will be checked for policy adherence via TurnItIn.com. All creative work will be checked for policy adherence by the professor, and judged against previous submissions. The only exception to this policy is the student’s online portfolio and its attendant pieces (for example, the résumé and logo).

**Academic integrity**

In addition to University-wide policies stated in the Code of Student Rights and Responsibilities, the Department of Journalism and Strategic Media considers making up quotes from sources, turning in substantially the same assignment for credit in two different courses or students receiving any assistance from others for work assigned to be done on their own, as acts of cheating punishable to the degree determined appropriate by the course instructor and department chair. Punishment may include grade reductions or seeking dismissal of the student from the University.
Further, as this is a journalism and strategic media class, students are expected to comply with copyright law and must have sufficient permission to use any copyrighted materials used in creative projects, unless otherwise informed in cases of exercises or reproduction.

Your written work may be submitted to Turnitin.com, or a similar electronic detection method, for rating originality of your ideas. Also to evaluate proper use and assignment of sources. As part of this process, you may require to submit electronic as well as hard copies of your work. Other instructions to follow may also be given. By taking this course, you agree that all assignments may undergo this review process. The assignment may be included as a source document in Turnitin.com’s restricted access database. It is solely for the purpose of detecting plagiarism in such documents. Assignments not submitted according to the instructor’s procedures may be penalized or may not be accepted at all. (Office of Legal Counsel, October 11, 2018)
